# ABOUT ABIES PACKAGING

Your bridge to perfect packaging

---

Abies packaging is a leading global marketer and trader of paper based single-use packaging for the foodservice industry, partnering with leading brands and distributors in variety of industries. Our paper cups, soup & salad bowls, burger boxes, pizza boxes and other packing items are found in foodservice establishments across the globe, from mom and pop stores to large international chains.

We source all of our paper products from manufacturers who are EN 13432 compliant. All of our manufacturers are BRC certified which is BRCGS Global Standard for Packaging and Packaging Materials. Our company is committed to adding positivity to businesses and the environment with a range of sustainable food packaging products. Our products are also manufactured with customized designs to expand your business footprint, while helping your company reduce its environmental footprint.

Providing exceptional service starts with understanding customer requirements. Our sales and customer service teams are focused on offering quality products and delivering customer orders on-time, in-full and with no errors. At Abies we believe in innovation and that allows us to deliver creative products and solutions that improve efficiency, elevate new items and enhance the overall consumer experience. With a dedicated team of designers and creative people, we are able to provide customized packaging capabilities. We work mutually with clients and customize as per their needs. We not only deliver packaging that adheres to your brand guidelines, but also help you expand packaging possibilities with desired geometric shapes or colours you have in mind.

At Abies packaging, technology is at our forefront and that helps us source high quality products for our customers. With manufacturers carefully selected by our team of quality control specialists, you can ensure the end product that goes into the hands of the customer is of supreme quality.

# PAPER CUPS

We have an exceptionally wide range of Paper cups that we manufacture which includes Double Wall Cups as well as Ripple Wall Cups. Offering 100% leak proof paper cups, we use internationally accepted leak testing procedures recommended by FPI ( Food Packaging Institute, Virginia USA) for each of the production lot that we produce.

We use extremely premium kraft paper to produce our cup holders, this ensures correct structural stability of the end product along with a natural colour that pleases the eye.

# SOUP & SALAD BOWLS

With people constantly on the go these days, many are choosing to eat out or pick up prepared foods. Our soup bowls with lids will keep food covered until your food reaches the customer.

Abies packaging has a full line of soup and salad bowls to serve many different menu items. The most preferred take-away containers for Soups and Salads now come with a paper lid. The two sizes for lids  $\phi 115$  mm - For Soup Bowls and  $\phi 150$  mm - For Salad Bowls fit perfectly with our bowl sizes. The Soup Bowls are designed to keep the soup warm for longer durations and are also microwave safe. The material that we use for these bowls are approved for Direct Food Contact.

# CUP HOLDERS

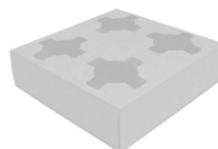

Cup holders are perfect for easily holding multiple beverages at one time all while continuing to promote your brand. We have a team of graphic designing experts that can help you customize your holders as per your brand.

Abies packaging provides 4 cup and 2 cup holders. Our 4 cup holders has perforation in the middle that allows it to be torn off into half and be used as 2 separate cup holders. To make transportation more manageable, we have an option for top handle which is available in both the 2 cup and 4 cup variants.
